TO OUR VALUED PATIENTS AND RESPONSIBLE PARTIES

RE: Covid-19 Vaccination Mandates

As a Practice, we are required to follow the laws set by The Queensland State Government. These are interpreted by the Australian Dental Association (Queensland branch). The ADAQ communicates with us regularly, and from time to time they do change their recommendations; we will continue to relay any changes to you as we are informed.

Rest assured, we will continue treatment for all of our patients as normal, whether the patient is vaccinated against Covid-19 or not.

Any patients who need to be accompanied by an adult to their appointment will be able to have at least one adult with them in the practice during this time.

We are still following Social Distancing guidelines for everyone in our practice, where it is possible to do so.

There are currently no requirements for mask-wearing, however we are aware this may change as the Government monitors any cases of Covid-19 in the community.

We ask that all patients and responsible parties entering our practice are free from cold or flu symptoms (cough, runny nose, fever) for your appointment. If you are unwell, please reschedule. We understand that our appointment book can be very busy, and we will do our best to prioritise your appointment.

We understand that masks and vaccine mandates and changes to these rules are hot topics, and we appreciate your cooperation as we all do our best to keep each other safe.

Kind regards

Reception
Dr Peter Grant
